The Play

Set a predetermined number of **rounds** to play (suggested 2-6). Each player gets a pen and #craption paper. Place #craption deck in the center. Game starts with the person closest to an April 20th bday.

To Start

Player 1 picks a **#craption** card and places it pic side up for everyone to see. Each player, including player 1, writes a funny caption to match the pic and hands their piece of paper to player 1.

4.

5.

The Faves

Player 1 reads all of the players captions out loud. Starting left of player 1, each player votes for their **favorite** response. Start with the next person and repeat.

The Points

Each player gets 1 point every time their **caption** gets voted for as the best response.
